Subject: RE: OWOW OA briefing

Hi,

I put comments, thoughts, and questions onto the SharePoint version. I had loads. I was thinking as I was going along

Attorney Client / Ex. 5

For the most part, on the briefing document, it seems like it would be helpful to pull forward most of the “new” stuff that isn’t discussed until page 10. Also, are those analysts (other than Bednarsek and Feely and their respective et als) published in peer reviewed journals?

Subject: OWOW OA briefing

Hi all,

Please find attached the latest draft of the OA briefing for OWOW on March 15. Please take a look and let me know if you have any edits by February 28. The technical team is also reviewing it. Dave Croxton suggested adding a photo of the dissolution, so the extent of the damage can really be seen, so that is forthcoming.

I will also revise the pros and cons sheet (Steve—I’ve got your emails about my so-so pros from before, so I’ll work on that language....) and Cara has asked for a one-page options paper, which I’ll also draft.
